January 15, 2017

1. God designed us to experience his life in the redemptive fellowship of his family (Hebrews 10:19-20).

2. We experience the fullness of life in Christ through intentional community (Hebrews 10:11-25).

    a. Our life together is centered on gratitude for God=s new life in us (Hebrews 10:21-22).

b. Our life together is secure because of God=s promises for now and for eternity (Hebrews 10:23).

c. Our life together is energized by doing acts of love and good works (Hebrews 10:24).

d. Our life together is sustained by meeting together for encouragement and instruction (Hebrews 10:25).

3. Application: God=s love calls us to be hosts and create life-giving community in all our interactions.
