

## Passing the Baton

2 Timothy 1:2-7

### Passing the Baton

Trinity has a 140 year heritage of passing the baton!

The Western Church is in a crisis of dropping the baton. No relay can be completed without a handoff.

### The Handoff

1. Today a successful handoff almost always requires authentic Relational and Spiritual investment
2. The handoff is both an individual and community process.
3. Baton receivers are to know and be shown a life that works for Kingdom purposes that transform the everyday.
4. A successful handoff will happen when you are willing to both run together and let go.
5. Those “running the race” must demonstrate the stride of “Holy Spirit driven” character and community.
6. The handoff is meaningless unless we are passing on the authentic gospel.
