

## GAME ON

Colossians 3:17, Haggai 1

### THE CLOCK IS TICKING

### THE DISTORTION OF TIME

- It is mine!
- It is theirs.
- It is for "that"

### WHAT TIME IS IT? *Haggai 1*

Our distortion of time will lead to a perpetual state of answering "now is not the time."

Despite opposing voices, God is to define the purpose and priority of our time.

### TIME RECLAIMED

Move away from the "instant"

Move toward the moment

Change the trajectory

Reflection-

*Do an inventory of your time. What is driving my use of time? Am I "rushing around" due to a distortion?*

*Are my moments lived for the glory of God?*

*How is your time spent building up Christ's body? How can I invest my time to change the trajectory of my life and the lives of others?*
